Distene and MeshGems recognized as a French "Tech Gem"

Mark Lorient, President of Distene, was invited as a speaker at the annual Ceremony for the first anniversary of the ["New Industrial France"](#), which took place at the Presidential Palace, l'Elysée, in presence of President F. Hollande and Economy Minister E. Macron. He promoted the excellence of some initiatives in the French research ecosystem as a basis of industrial innovation and success.

This invitation emphasizes that [Distene](#) and [MeshGems](#) are recognized as Gems of the French Tech by the Government.
